SAFE

STATINTL

On 10 April 1980, ███████████ SAFE Project Director, met with the DCI and his Science and Technology Advisory Panel (STAP), the DDCI, and DD/NFAC, the DD/A, the D/ODP and the D/OCR to discuss the STAP position on SAFE development and the Consolidated SAFE Project Office response to that position. Action plans required as a result of this meeting are now being developed. ████████

Trouble Desk Upgraded for Deaf Employees

A System 100 Communicator was installed in the Data Base Control Center (5D-55). This will allow persons with hearing impairments to communicate directly with the Trouble Desk concerning computer service problems. ████████ STATINTL

Word Processing

We have forwarded a data questionnaire to Office ADP Control Officers and members of the Word Processing Users Group. Responses received from this questionnaire will be used in defining word processing user requirements for the new standard terminal. These requirements will be input to ODP's software specifications for the terminal vendor.
